

For Legal Services Organizations

A free, trusted place to send people with debt problems

Debt Help Illinois (DHI) is a free online tool that brings legal and financial information together so people can understand and take control of their debt problems. It was built by Illinois Legal Aid Online in partnership with Working Credit, a nonprofit dedicated to helping people overcome the obstacles to good credit.

Made for Illinois. Available in English and Spanish.

Who is Debt Help Illinois for?

- People your office can't represent who still need clear next steps
- People in Illinois dealing with credit card, medical, utility, and many other consumer debts
- People juggling several debts who need help deciding where to start
- People at any stage, from falling behind on bills to getting sued to facing a judgment or garnishment
- People who want to learn whether they may be collection-proof (judgment-proof) or may have defenses or claims in a debt case
- **Coming soon:** car loan and retail finance.

What the people you serve get

- **Information about their problem.** What's happening, what happens if they ignore it, and articles matched to their situation.
- **Legal and financial information.** Debt is a legal and money problem. DHI covers both, so people see the full picture.
- **Options they can weigh.** Choices matched to their debt and stage, with pros, cons, and steps to reach their goals.
- **Resources that may help.** Matches to legal aid, hotlines, low-cost financial counselors, government programs, and nonprofits, when available.
